

## BERT MARTIN IS HERO OF HOUR

### Rhineland Boy Saves Colonel Roosevelt From A Second Shot

A Rhineland boy proved the hero of the attempted assassination of Col. Roosevelt. He is Elbert E. Martin, son of Mr. and Mrs. E. P. Martin of 406 1-2 S. Pelham street this city. Mr. Martin is a graduate of the Rhineland High school and has a retinue of friends here. By overpowering Schrank he prevented the man from firing a second shot and thereby saved Mr. Roosevelt's life.

By his prompt act Mr. Martin has become the hero of the hour. With glaring headlines, newspapers all over the country have published accounts of the young man's creditable deed. The following is taken from a Wednesday press despatch.

More than once Col. Roosevelt has reproved him for being "too rough." In Saginaw, Mich., Martin threw himself against a man who was pushing forward and threw him into a gutter. For this he was rebuked by Col. Roosevelt, but Martin said after the shooting Monday night that the man at Saginaw, Mich., and Schrank were the same.

Monday night in Milwaukee and elsewhere Martin was at the colonel's elbow. Henry F. Cochems was on the other side.

"You get into the car first," said Cochems to Martin, as it was customary for the colonel to take the middle seat.

"No, you go first," replied Martin. The politeness gave him the opportunity to engrave his name on the roll of fame, for Cochems was out of reach when the shot was fired and Martin was right at hand.

Schrank was within seven feet of the colonel when he raised his hand in which he clutched the revolver, levelled at Col. Roosevelt's breast. He fired, and in an instant Martin leaped on him and hurled him to the ground, with one of his arms around the assassin's neck in a half-Nelson lock.

"I saw Martin leap on the man like a wild animal," said Cochems, who himself seized the assassin a second later. "He dashed him to the ground with his arm around his neck twisting the man's head back and his free hand grasping the revolver around the hammer so that the trigger could not be pulled."

Martin is a former football player and a strong man. Schrank was a match for him. He tried desperately to pull the trigger of his weapon, but it would not fall and Martin held the barrel pointed harmlessly toward the sky. Cochems and a special policeman wrenched the gun away from Schrank, and then the crowd surged forward, murderously bent on having the man's life. Martin and Cochems joined in dragging him to safety under Col. Roosevelt's protection.

"That young man looks as if he had the punch," Roosevelt said of Martin, and how the stenographer has made good was shown last night.

Martin not only is an expert stenographer, but a lawyer, having graduated in the class of 1912 from Detroit college. He was admitted to the bar in Lansing, Mich. Before that Martin went to the Rhineland, Wis. High school, and on the football team gained local fame at right tackle. He played football again with the team of the Big Rapids, Mich., Business College, where he learned shorthand. Martin went to Big Rapids with \$10 in currency as his sole fortune and worked his way through by selling books. He is 5 feet, 10 inches tall, smooth shaven and modest in his demeanor.

**STATE TEACHERS MEET.**  
The State Teachers' Association will meet at Milwaukee, November 7 and 8. Noted speakers from all parts of the U. S. will address this large body.

Sectional meetings, comprising all kinds of school work will be held afternoons.

The State Teachers' Association should be attended by every live teacher in the state.

## NOW SECOND LIEUTENANT

C. J. Wesley Succeeds L. A. Leadbetter in Company L

At the regular weekly meeting of Company L, W. N. G., of this city Monday night, Clarence J. Wesley, quarter master sergeant of the company, was unanimously elected second lieutenant to fill the vacancy made by the resignation of L. A. Leadbetter.

Mr. Wesley has been a member of the local militia six years, five years of which time he has served as quarter master sergeant. He has always taken keen interest in military affairs; is a thoroughly trained soldier. That he is popular among his comrades is attested to by the fact that there was not a dissenting voice against his election.

In resigning as second lieutenant of Company L, Mr. Leadbetter's action is received with regret among the members. He has been an efficient and highly esteemed officer. His resignation was made necessary as he was unable to devote time to the duties of the post.

## ANTIGO WINS IN SATURDAY'S GAME

### Local Highs Are Crippled By Loss Of 6 Best Men--79 To 0 Is The Score

At Antigo Saturday the Rhineland High school foot ball team went down to defeat by the Antigo Highs by a score of 79 to 0. The Rhineland eleven was seriously handicapped owing to the loss of six regular players who were out of the game through injuries and low stand legs.

In the first quarter Antigo made one touch down and in the last quarter none. It can be readily seen that the two middle quarters were where that team made its big showing. On account of Rhineland's weak lines the boys were swept completely off their feet by the railroad city players. It was impossible for the locals to make any progress under the circumstances. The Antigo eleven was in fine fettle and from the very beginning of the game got busy to do their opponents up. The game was free from rough tactics on either side. Arnold Millard of Antigo was referee and Henry Smith of Milwaukee umpired. About a dozen Rhineland rooters, mostly High school students, accompanied the team to Antigo.

Saturday evening the Antigo High schools students gave a dancing party in Bee Hive hall in honor of the Rhineland delegation. Strnad's entire orchestra furnished the music and the function was a very enjoyable one.

Next Saturday the local High school squad will meet the High school team of Minocqua on the latter's grounds.

### "WHAT HAPPENED TO FRITZ"

Is a clean, wholesome, first-class evening's entertainment, full of very funny comedy, intensely interesting situations and excellent singing and music. This 4 act comedy-drama more than pleased the patrons of our entire circuit. Alan V. Blair and Edna Codair are exceptionally clever and talented people. The supporting company was up to the standard. H. Rostran, Mgr. Ohio Circuit Theater. Opera House, October 26.

### SURE TO PLAY HERE

An event of exceptional interest is the future engagement at the Grand Opera House of "The Third Degree." It has been said that the enormous business done by this organization has led to the cancellation of contracts in many of the one night stands to accept time offered by the larger cities. The engagement in this city will be kept as Manager Zander has an iron-clad contract to this effect.

## PRICES LOOKING UP

Timber Dealers Anticipate Good Year For Business

Timber dealers and mill operators are looking forward to a good year for their business, states the Clintonville Tribune:

Prices are already looking up and there is a better demand now for logs than there has been at any time since 1907. Hemlock which has been virtually down and out for five years is again reaching the top notch and the chances are that hemlock logs will this winter bring as high as \$11 on board cars. Since 1907 hemlock has been a drug upon the market and last winter reached the lowest notch when logs would go begging at \$6 and \$7 per thousand. The market for the past four years has been flooded with hemlock which forest fires had made it necessary to cut. This is now all used up and the remaining stumpage does not need to be cut.

## ARRANGE BOUT FOR KING AND WOLPIN

Two Clever Middleweights Will  
Meet In This City On  
November 1

On Friday evening, November 1, there will be staged at the Grand Opera House a ten round boxing contest between Al King, the local middleweight, and Billy Wolpin of Gladstone, Mich. This promises to be an interesting bout and will undoubtedly draw a big house. Wolpin is a Soo line railroad man who has been in the boxing game for the last two years. He is said to be clever and has a good stiff punch which his opponents find very disagreeable. To his credit he has a few knock-out and several draws.

King is a whirlwind in the ring. He is fast on his feet and knows how to hand out the blows that count. During the last year he has had several engagements and has always succeeded in getting the best of his men. The winner of the match will meet Billy Perkins.

This match will be refereed by William Daniel, who is also the promoter.

Previous to the main show there will be the usual number of preliminaries and a lively card is assured the fans. The regular admission prices will be charged.

## 15 CENTS ON DOLLAR

Creditors of Defunct Gladstone Bank  
Get Small Returns

It is stated that the creditors of the defunct Hammel bank of Gladstone cannot realize more than 15 cents on the dollar and this by placing a liberal value on the assets.

The Gladstone Reporter states that E. N. Bushong, receiver for the bank, has completed the work of making an inventory of the assets. Mr. Bushong has been generous in giving out information to the public and desires that the people shall know the true facts.

The real estate to be reported includes the bank building, the Hammel residence, the garage, some lots and about 900 acres of land in Utah. Of the securities there are about \$200 in notes. Many of them possibly of not much value. About \$23,000 in securities were turned into different banks for loans and about \$23,000 borrowed thereon. The bank also holds \$25,000 in notes given by the Hammels. This completes the personal securities. Mr. Bushong will have his report in shape to be turned over to the referee before the meeting of creditors at Escanaba on Oct. 21.

## "FIGHTING PARSON" COMING TO CITY

Rev. Fred R. Wedge Writes That  
He Will Preach In Rhineland, Dec. 1

Rev. Fred R. Wedge of San Francisco, Cal., known as the "Fighting Parson" will be in this city, the home of his boyhood Sunday, December 1. He will preach on that day at one of the churches. Rev. Wedge was here three years ago and remained two weeks during which time he created a sensation by his outspoken sermons. Since then he has been working among the outcasts of the Barbary Coast, San Francisco's famous tenderloin, and it is alleged has accomplished a great amount of good there.

In a letter to the New North from Columbus, Neb., Rev. Wedge writes: "I visited my old home three years ago and the home coming and the audiences were an inspiration to me in my work on the Barbary Coast. Now after a year of labor in California in which I started one of the great movements in behalf of the newsboys of the city streets, I have spent nearly two years in a country home in Nebraska writing a book which is being heralded all over the country in advance of its publication. I now go back to my work and it will be several years before I will be again in the east. Kindly give my many friends a greeting for me through your paper."

"The Fighting Parson of the Barbary Coast" is the title of the book written by Rev. Wedge. The book is now in the hands of the publisher and will be ready for delivery November 1, 1912. It contains ten chapters. In the volume Rev. Wedge tells of his boyhood days in this city, his career as a pugilist and his rise from the ring to a minister of the Presbyterian faith.

## SCHOOL MEDICAL INSPECTION

Topic Is Discussed at Woman's Club Meeting

The Yonan's Club met Tuesday at their club rooms. The timely topic "Medical Inspection in Schools" was introduced by Mrs. Clemens and continued by Miss Bing, the visiting nurse, who told of the work as conducted in several towns and cities. She also made plain the co-operation of nurse and physician in the manner of inspection.

Brahms, the composer and musician was discussed by Miss Sutton, who in her talk on the subject, brought out the various phases of the great musician's works and character.

The Misses Marian Wilson and Lucile Barnes rendered two Hungarian dances by Brahms. A social hour followed.

### Items Of More Or Less Importance Boiled Down From Neighboring Exchanges

#### Hurley—

Thos. Hicks, serving a six months term in the Iron county jail for assault and battery, attempted to make his escape Tuesday. Sheriff La Fave was firing a radiator in the jail and while he was leaning over Hicks threw a handful of ground plaster and fine sand into his face and then skipped out. Luckily none of the mixture got into Mr. La Fave's eyes and he immediately hurried after the prisoner who was stopped on Copper street by John Flandriza.

#### Eagle River—

Summer homes in this vicinity which have been closed for the season are being broken into by thieves who not only remove goods from the houses but ruin the properties. Depredations of this kind have been a severe menace to property owner along the lakes for the last two years. Results have been

detrimental to the whole region as people do not care to build where there is danger of their homes being rifled during their absence.

Grandon—  
After being out about eighteen hours the jury in the personal injury case of Andrew Szelwiski vs. Connor Land and Lumber company returned a verdict for \$5000; the amount asked by the plaintiff being \$15,000. The case occupied nearly all week in circuit court. The plaintiff claimed to be a physical wreck due to injuries received by being struck on the head by a board being dropped or thrown from a lumber pile while the plaintiff was working there.

Ladysmith—  
George Luell harvested a second crop of strawberries last week. True it wasn't a very large crop, but it came without coaxing and with out asking. As a fruit raising section Rusk county is in the front rank.

#### Florence—

The Marshall Field estate paid over \$75,000 into the treasury of Florence county Friday in full settlement of the claim of the state of Wisconsin for an inheritance tax with interest. Of this amount the county retains \$5625 and the balance will be turned over to the state treasurer. The Marshall Field estate owns unimproved tracts of land in Florence and Forest counties worth \$30,000 and 29,010 shares in four railroads.

which the state claimed, and the court determined it had a right to tax.

#### Stevens Point—

The mother superior of the Franciscan order of sisters, who have their headquarters in Rome, spent a few days in the city in company with one of the order from St. Joseph's hospital in Marshfield, looking over the local city hospital, which it is expected will be completed in a few weeks. Arrangements have been made to have the sisters of this order take charge of the hospital when finished.

#### Marquette—

A case of extreme cruelty which the authorities are investigating is reported from Hyde, Mich. A collie dog was accused of having bitten a farmer's children and calves. The farmer demanded of the owner of the dog that he be allowed to kill it. The collie was led away by the farmer, presumably to be killed. Instead he tied the animal to a tree in the forest, shot it through the jaw and did not kill it, and then left it to starve to death. Hunters found the dog still alive when it could no longer stand, and put it out of its misery.

#### Ashland—

The greatest trip ever taken by the members of the Wisconsin naval militia was started Wednesday, when about thirty of the officers and men under command of Lieutenant Werder, left for Jersey City, where they will go aboard of the United States battleship Iowa and participate in the naval review to be held off the coast of New York. All the expenses of the men are being paid by the United States navy department. The odore Werder, this city, who is the commander of the state naval militia, heads the delegation.

#### Ironwood—

Louis Bruegger swallowed a quantity of carbolic acid at his home early Thursday night and died at midnight despite strenuous efforts to save his life. It is not known whether Bruegger took the poison with suicidal intent or not. He was intoxicated when he came home. A wife and four children survive him.

#### Ironwood—

The first fatal automobile accident in Ironwood occurred Thursday night when a car driven by Axel Berquist knocked down and ran over Ethel Worl, six years old daughter of Mr. and Mrs. Otto Worl. The child died from internal injuries about three hours after the accident. Mr. Berquist saw the little girl in the street, but too late to stop his car.

### UNIVERSITY HOME-COMING

The second "home-coming" for alumni and former students of the University of Wisconsin has been set for November 2, the day of the Wisconsin-Chicago football game. Committees have been organized and are now working in Chicago, Milwaukee, Minneapolis, and other prominent centers for the success of the event.

Accompanied by the university band, a committee of university students will meet all incoming trains on Friday and Saturday, November 1 and 2. All graduates and former students will march to Camp Randall to view the football game on Saturday in a body and will occupy a special section of the grandstand. In the evening following the game a meeting for the returning graduates will be held in the university gymnasium, at which speeches will be made by prominent alumni and members of the university board of regents.

## FLASHES FROM THE HEADLIGHT

Bits of News Pertaining To The Soo and Northwestern Railroads.

"Red" Johnson has been spending the last few days at his home here recovering from injuries received while in the discharge of his work as brakeman on the Chicago division of the Soo line. He was clinging to the side of a moving box car when his head struck a switch standard, cutting a painful gash on his forehead. The accident occurred at Phillips.

The Soo line has been experiencing some trouble from rowdies in running their trains into North St. Paul. One night last week two switches were thrown and several windows in a passenger train were shattered by stones and clubs. Who is responsible for the depredations has not as yet been learned although detectives are working on the case. It is believed that a crazy man is causing the trouble.

A Marinette despatch states that information from a Soo railroad official confirms the report that the Soo road is negotiating for the purchase of the Wisconsin & Michigan. The Wisconsin & Michigan, when it absorbed the Lake Michigan Car Ferry company, acquired a choice site on the Chicago water front. This valuable property the Soo road is particularly anxious to secure, the more so, as since its acquisition of the Wisconsin central road it has repeatedly made efforts to secure suitable water frontage in Chicago, without success. The dock property of the Wisconsin & Michigan would fill the needs of the Soo in that direction.

While this property has been perhaps the most important feature in connection with the negotiations between the Soo and the Wisconsin & Michigan, it is understood that the preliminaries for the taking over of the latter road by the Soo have reached a stage which makes certain within the near future radical changes in the routing of trains between Pembine and the grain centers.

Sir Thomas G. Shaughnessy, president of the Canadian Pacific railway, stated in a recent interview in Milwaukee that the country is due for a big improvement in business after the presidential election. "Conditions all over the country are good," he said. "As soon as you are over with the elections this fall there will be, in my opinion, a great improvement in all lines of business which will last for some years to come. This is foreshadowed already in the fact that car builders are short of material with which to fill their orders. They cannot get the steel needed. This means prosperity in steel industry, and steel is a good barometer for business conditions all over the country. At a last meeting of the board of directors of the Canadian Pacific we voted \$105,000,000 for extension, repairs and maintenance."

The Soo railway has started proceedings against the city of Ashland to set aside the assessment on the railway company's ore dock. The action is asked under the terminal taxation law of 1911, on the ground that the law is unconstitutional.

Wm. D. Hutchinson, Master Mechanic of the Chicago & Northwestern railway shops in Kaukauna tendered his resignation to the company the first of the month and asked that he be immediately relieved from further care and responsibility. Mr. Hutchinson has been seriously indisposed for some time and for upwards of two months has been unable to leave his home. As physicians advised a change of climate and a long rest from labor Mr. Hutchinson found it necessary to relinquish his position.

### STEEL BOX CARS

Steel box cars and flat cars as well as steel passenger coaches are being put into use on many of the railroads especially on the eastern lines. Many of these cars have been seen in Rhinelander within the last two weeks. The day is not far distant when the rolling stock on all railroads will be constructed of steel.

## A CLOSE INSPECTION OF OUR STOCK

Will reveal its superior quality and convince you of the wide difference that really exists in lumber. You may imagine that lumber is all the same, but you were never more mistaken in your life, if you imagine that. There's as much difference between two boards that pass for the same grade as there is between a plug and a thoroughbred.

We invite a critical examination of our stock, simply because we know it to be much better than the average. **QUALITY:** That's our hobby. When we sell you a bill of lumber we want to know positively that you will be satisfied that you've got the best your money will buy, and will come to us when you want something else in building material.

## TWO FRONTS BROKEN

Two plate glass window fronts in Rhinelander business places were broken this week by careless teamsters. Friday afternoon a team of horses backed the wagon to which they were hitched into one of the display windows in D. H. Hart's dry goods store. The owner of the team had tied the lines to the hub of one of the wagon wheels while he went into the store to make a purchase.

While driving a well drilling machine off of Stevens street into the alley way along side of the New North office, a Harshaw farmer made a short turn with his team and the machine went through one of the office windows. Carelessness in handling teams has often caused serious accidents and the costly experiences of these two men should be a warning to other teamsters.

Charles W. Fricke made a splendid record as district attorney at the last session of circuit court. Mr. Fricke has no apologies to make to the public for this splendid service.

Ikey Karel is not in accord with Wilson and Marshall who both favor a state graduated income tax law. He represents the reactionaries of all parties and is the tool of the special interests.

Little Friday is still spending much time and using much space booming Taft but he has no time for the rest of the republican ticket either state, legislative or county. "Obey the Masters will."

Irvine L. Lenroot republican candidate for congress should receive the vote of every progressive in this congressional district. His record at Washington entitles him to the solid support of progressives, regardless of party affiliations.

Willard T. Stevens, republican candidate for the senate, from this district, is a Rhinelander man, knows the industries and needs of this section of the state and is a progressive republican. He should be supported by every voter of Oneida county November 5th.

Last week all the old political machines in the country were putting forth their every effort to make Roosevelt appear an insincere and dishonest man and this week a lunatic shot him. Both kinds of attacks on him will make him votes November 5th.

No state tax will be levied except for educational purposes and the state highway tax. In other words, all taxes levied this year will be promptly returned by the state to the localities.

This looks queer in the face that the special interest organs are talking state extravagance constantly.

## KAREL THE TOOL

Was there ever a time before in the history of the state when all the reactionaries were lined up for one man? Ikey Karel is the tool to be used to carry out these ends. Will the progressives, either democrats or republicans, let something stand in the way of voting for the only true progressive Francis E. McGovern? Senator LaFollette advocates McGovern as the true progressive and opposes Karel as a reactionary.

Douglas Anderson, republican candidate for the assembly is a clean cut, wide-awake, well educated young man. His high school education was received in Rhinelander. He has spent much of his time in this city for years past. His election would mean a representative in touch with the community and its best interests and he has the courage and conviction to stand by all the people. We should all give him our support.

"It has been a matter of regret to me that Senator LaFollette, who has done much for the progressive cause, has felt that because of his antagonism to me he must range himself against the progressive or to antagonize the people against point.

movement in this campaign, thereby giving his old time enemies, the reactionaries, a much needed support, which they have acknowledged by the first praise they have given him in twenty years.—Theodore Roosevelt in speech at Milwaukee.

## TO THE PROGRESSIVE VOTERS OF WISCONSIN:

The situation in Wisconsin remains unchanged. It is McGovern or Karel for Governor. Between these two candidates, the progressive voters who, through the Republican party have made Wisconsin the beacon light of constructive self-government should have no difficulty in choosing. It is plainly a choice between progress and reaction, between general interest and special interest. McGovern, the Republican candidate, stands on a platform in keeping with the principles upon which true representative government has been built, and pledging their further extension toward a complete political, educational and industrial democracy. Karel, the Democratic candidate, stands on a platform which is a repudiation of the leadership of William Jennings Bryan and Woodrow Wilson; in fact the supporters of Karel are the enemies of Wilson and Bryan. McGovern has a record of real service, of faithful performance of his pledges, and of earnest co-operation with the legislature in carrying out the expressed will of the people. Karel's legislative record is a record of unbroken hostility to those vital measures which laid the foundation of Wisconsin's high governmental eminence. McGovern, on his record as Governor, and his acceptance of the Republican platform is supported by the Progressive Republican leaders throughout the state who for years have helped bear the brunt of the struggle. Karel's backers are the undemocratic Democrats and the Stalwart Republican bosses.

Wisconsin progressives resent and repudiate McGovern's course in waiting until he was safely nominated and then exhibiting the Bull Moose pin under his coat collar. They are expressing their resentment in no uncertain terms. But the bull moose of McGovern should not subject him to punishment by Wisconsin voters in the coming election when the weight of such punishment would not fall upon him but upon the whole state. His declarations for Roosevelt and the Steel Trust "legalized monopoly" program, have no immediate bearing upon the work of our state government during the next two years. The Republican platform pledges which he, if elected is bound to fulfill, have naught of the Bull Moose taint, and his record of the past two years is sufficient warrant that he will not fail in his future fulfillment of present promises to the voters of Wisconsin.

A vote for Karel, is a vote for reaction and special interests. A vote for McGovern is a vote for continued advancement; it is a vote cast for the Progressive Movement.

ROBERT M. LA FOLLETTE

## MANITOWOC BARS SMOKING

As salutary as it will seem hard to the ones affected, is the rule with regard to smoking now in force in the Manistowoc high school. The rule which will do much to conserve the mental and physical vigor of the high school boys is as follows: "Smoking anywhere outside of the students' homes will be considered a wrong by school authorities. Any one guilty of this wrong cannot accept or receive any honor, favor, or recognition from his class or the school. Accepting any of these is evidence that the student is not guilty. A violation will be referred to the City Superintendent and the board of Education for final action."—Educational Bulletin.

## COL. ROOSEVELT SHOT

The civilized world was shocked to learn of the attempt to kill the ex-president at Milwaukee Monday evening. It seems the would-be assassin whose name is given as John Schrank, hails from New York, which will take a stain off the fair state of Wisconsin. It is to be deplored that any mortal would be so evil minded enough to carry murder in his heart against any public man, if not insane. The people of this nation deeply deplore such a dastardly act and will unitedly hope for a speedy recovery. Col. Roosevelt is a man of remarkable personality, robust constitution, and of quick action, which is often taken as being impulsive. This is a time when political differences are thrown aside and the sympathy of bitterest opponents lavished upon our great American citizen.

## ALWAYS AGAINST PEOPLE

The News, the special interest organ over the way, is worrying about the republicanism of The New North. It is a joke. The News has done all in its power to antagonize the people against point.

© BY UNDERWOOD & UNDERWOOD N.Y.  
THEODORE ROOSEVELT  
Ex-President Who Was Shot By John Schrank In Milwaukee Monday Night. Latest Advices From Mr. Roosevelt's Bed Side Are That He Will Recover

the republican state ticket. It tells the voters to vote for Ikey Karel, the democratic candidate. Ikey is a galathea every progressive measure. He is against the people; he is against the income tax which produces nearly three million dollars a year, and reduces the taxes of the common people. The News has always been against the Republican candidates of the masses, two years ago it called Congressman Lenroot everything but an honest man, it tried to defeat LaFollette, it opposed Stevens for the assembly. This special interest organ (The News) has no political creed except to oppose the people to the benefit of the special few.

It has opposed every step for a better city government. Its only slogan has been "trade at home" and that has been less than skin deep.

It is most satisfactory to know that the people of this county know the real purpose of this little organ, let that is to help the few at the expense of the many and really cares for no political party no further than to further its own selfish ends.

## TO WISCONSIN REPUBLICANS

We beg leave to inform you that the Republican National Committee has requested William M. Bray of Oshkosh to take charge of the Taft campaign in Wisconsin.

Ordinarily this campaign is conducted by the Republican State Central Committee, co-operating with the Republican National Committee, but owing to the peculiar political conditions in Wisconsin and the fact that the State Republican Platform Convention did not endorse anyone for President an independent campaign for the Republican Presidential ticket is made necessary. It is agreeable to both the Republican National Committee and the Republican State Chairman that this independent campaign be made.

We therefore call on the Republicans of Wisconsin who are interested in the success of President Taft and the Republican party to co-operate with and assist Mr. Bray in every way they can.

## LENROOT HERE OCT. 25

Congressman Irvine L. Lenroot will speak at the Opera House Friday evening, October 25 on the political issues of the present campaign from a republican standpoint. Mr. Lenroot is recognized as one of the most prominent men in the house of representatives. He is a bold, able progressive republican and represents this district in congress. Hear, your representative discuss the issues from a progressive republican standpoint.

## SOHR JURY DISAGREES

Nine Are For Conviction and Three For Acquittal

After having been out since 11:30 Thursday forenoon the jury in the case of John Sohr, charged with indecent liberties with female children, came in at 8 o'clock Friday morning and informed the court that it was impossible for them to reach an agreement.

It is understood that the twelve men stood nine for conviction and three for acquittal. The jurors were C. H. Donaldson, N. H. Hillis, Andrew Schulstrom, John Dahlstrand, W. C. Hawkins, Alfred Johnson, William Barke, C. F. Emden, A. C. Wold, Andrew Erick, Otto Miller and H. J. Danfield.

The disagreement came as a surprise to those who had watched the progress of the case as it was generally believed from the testimony produced by the state that a conviction was unavoidable.

# Constipation and Catarrh

S. B. HARTMAN, M. D.

You are constipated. You have taken medicines a great many years. You have tried to select a diet that would keep your bowels regular. In this you have failed and were obliged to go back to your laxatives again. This, I say, has been going on many years. You also have a slight catarrh in the head and throat. You never imagined that the catarrh had anything to do with the constipation. Suppose I were to tell you that as long as you have that catarrh you will never get better of your constipation. Would you believe me? Well, whether you would believe me or not it is the truth.

For many years I have been wrestling with the problem of furnishing the public an internal catarrh remedy. Peruna has been the remedy that I have devised and it has certainly relieved many thousand people, yes hundreds of thousands of people, of chronic catarrh.

Constipation was my chief difficulty in treating these cases. I often felt that it would be better if a laxative element were added to Peruna. I feared to do so, however, first because of the number of catarrhal patients who needed no laxative, and second I was afraid of making such a radical change in a remedy that was already doing so well. Thus it was that I continued to prescribe with the Peruna a bottle of Manalin to those who needed a laxative. At last, under circumstances explained in my booklet, I was constrained to add the laxative element to Peruna. This constitutes what is now known as the revised Peruna.

Now those who take Peruna will first find themselves promptly relieved of their constipation. Second, the catarrh will gradually disappear. And once the catarrh is cured the constipation leaves permanently. Then if you follow the advice given in my book, you will never have to take pills any more. Cathartics and laxatives you can ignore. You will be permanently relieved of both your catarrh and the constipation. PERUNA IS FOR SALE AT ALL DRUG STORES. SPECIAL NOTICE—Many persons are making inquiries for the old time Peruna. To such would I say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

The New York inventor who has perfected a machine to tell a marionette when he is in love seems to be wasting his time and talents. The woman usually has a way of arranging these larger than that!—San Francisco Argonaut.

## Her Idea of Fig Leaves

The story is told of a young lady who, seeing a fig tree when he is in love seems to be wasting his time and talents. The woman usually has a way of arranging these larger than that!—San Francisco Argonaut.

## Children's Education

Cold link is recognized as a trade in the vocational schools of Buffalo. Several schools are set aside for teaching trades to young boys and girls, and the latest addition to the course is one in cobbling. A competent instructor has been engaged to teach the young men how to repair shoes. There are a number taking up the course, and it is certain that the trade will not become extinct with the young generation studying the principles of rejuvenating old shoes.

## Ripen Dates Artificially

Dates grown on the deserts of California and Arizona do not ripen sufficiently because the natural heat is not great enough; but this process is now accomplished artificially by placing the fruit in an electric oven, where it remains for three days at 122 Fahrenheit.

## For the Invalid

A sizeable shoe bag, with several pockets is just the thing for the sick room, but not in its original capacity. Pin it firmly to the side of the bed, within reach; then it is convenient for the invalid to slip into its various pockets books, papers, handkerchiefs, or any of the other things which she uses, and which are not only apt to get lost on the bed, but when on the bed give an appearance of disorder.

## Rent Paid in Russia

A bouquet of red roses was handed to the warden of St. Olave's grammar school, Tooty street, London, England, at the prize distribution, the other day, as the rent of a piece of land leased to trustees in 1656 for the benefit of the poor of the parish. The lease was for a term of 500 years at the yearly rent of a red rose payable at midsummer if lawfully demanded.

## What V Text?

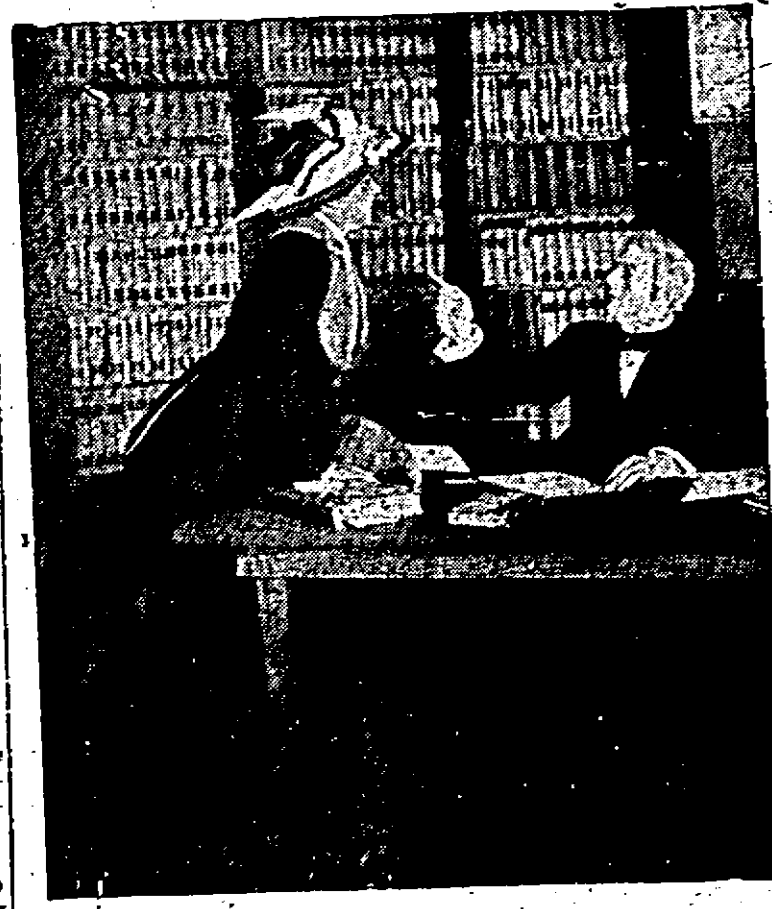

"I select my text," began the young layman, from the Book of Nature. It is inscribed on every leaf, which clings to every tree, in the library of the forest—the latter clause of the fourth branch, and the third twig.—Judge.

## Gift With a String

"Tis a strange species of generosity which requires a return infinitely more valuable than anything it could have bestowed.—Samuel Adams.

## Varieties of Feed for Horses

Figs are fed to horses in Turkey, dates are given them in Arabia and currants in Egypt.

NEW BOOKS AT THE LIBRARY.

"How to Keep Hens for Profit" by C. S. Valentine is one of the books recently received. It includes material on poultry raising which the author has contributed to the New York Tribune Farmer, also several chapters of new matter which round out the discussion and bring it down to date. The author deals with the different breeds of American hens, their merits and demerits, methods of housing, foods, diseases. It is less suitable for beginners than Sanderson's "American Poultry Culture" which the library also has, but it is an excellent production considered as a second book on poultry raising. The sections on diseases are especially good.

Alkins—Home Nurse's Handbook of Practical Nursing. Though designed specially as a text for use in Y. W. C. A. and other nursing classes, this is an excellent manual for the average woman and girl's use in the home. All phases of nursing are discussed with sufficient fullness for the untrained person, the chapters are scientifically correct, the style, clear and illustrations helpful. The final chapter gives recipes for invalid cookery. A few of the valuable chapters are:

Home treatments and how to give them; Household disinfectants, and how to use them; Communicable diseases in the home; A lesson on bandaging; Accidents and emergencies; How to keep well.

Mathewson—Pitching in a Pinch; or, Baseball from the Inside. Stories of the famous pitcher's experiences in the big leagues, with which he has been connected eleven years, and comments on the "games" of a large number of players whom he has studied from the pitcher's box. To the baseball enthusiast who knows the men or has seen the games described it will be very entertaining reading. Contains less theory and more personal anecdotal and anecdote than Evers' Touching record.

FICTION—

Nicholson—House of a Thousand Candles.

King—The Street Called Straight.

Ferber—Buttered Side Down.

Smith—The Arm-Chair At The Inn.

JUVENILE—

Earl—Captain of the School Team.

Curtis—Grandpa's Little Girls.

CHARLES ASMUNDSEN  
REPUBLICAN  
CANDIDATE FOR SHERIFF

Philosopher on Marriage.

According to Herbert Spencer, love between man and woman arises from each serving as the representative of the other's ideal. This ideal must be preserved if love is to remain, and to insure its preservation there should be not less, but greater, regard for appearances between husband and wife than between any other people. Equality of rights should also be recognized. A man cannot regard as his type of the ideal one whom he tries to command, and whom he has lowered by denying an equality of privileges with himself.

FARMERS' ATTENTION

Produce firms are making inquiries for cabbage. There seems to be a shortage. What is needed to know is the kind of cabbage that farmers are growing and the acreage that they have. For instance if a car could be loaded with Danish, Bald heads, a better price could be commanded and shipping could be facilitated. Any farmers interested will please get into communication with the County Representative.

E. L. LUTHER, County Representative.

Divided Old Island.

Windmill Island occupied a position in the Delaware river between Philadelphia and Camden. A channel that was cut through the island for the passage of ferriesboats divided it. One half was afterward known as Smith's Island, the property having been acquired by a family of that name. It was on Smith's Island that the resort known as Ridgway Park was located. Both islands were removed by the government for the purpose of deepening the channel in 1894.

## "The Third Degree"

By CHARLES KLEIN, Author "The Music Master" and "The Lion and The Mouse"

About to be Published in This Paper

How the untiring devotion of a faithful wife to the man whose name she bears rescues him from the very shadow of the electric chair. In its dramatic form "The Third Degree" is at present scoring a remarkable success. As a story it is more powerful than in its stage representation. Read the short synopsis in this issue.

The Opening Chapter Will Appear In Our Next Issue
